Chapter 1

We'll figure it out

These lyrics were written to the instrumental version of Kesha's 'The Harold Song' - Inspired by a love story I was once told. Shame it never worked out for her. Things happen for a reason though and hopefully she is much happier now than she was back then! :)

http://www.youtube.com/watch?v=MgzbLun0SMU

I know you miss me, you know I miss you

But there is only so much that we can get through

And whilst I lay here, hand writing this song

It's clear to both of us where we really belong

I start to wonder what are you doing?

Kisses on the sofa that may even lead to screwing

Then here I am, alone and crying

Feeling guilty cus' I know you're really trying

A nd yet I still smile, yet I still smile

That's what makes this mess somehow seem worthwhile

And yet I still smile, yet I still smile

That's what makes this mess somehow seem worthwhile

CHORUS

Why did fate come down and make life complicated?

Confused now, it's really damn frustrating

I just wanna scream and shout

But I guess we'll figure it out

They say if it doesn't kill you it will make you stronger

Days without your touch are so much longer

We might not have the answers right now

But I guess we'll figure it out

Sometimes I need you and you just can't come

I try to not think about why, try to become numb

When your fingers trace across my skin

I come to life but at the same time must stop breathing

At first we didn't seem to notice

Then it all changed after we had that first kiss

The way you held me, arms around my waist

Don't think I'll ever forget that warm, sweet embrace

The smile on your face, smile on your face

Will sustain me even if we don't finish this race

The smile on your face, smile on your face

Will sustain me even if we don't finish this race

CHORUS

Why did fate come down and make life complicated?

Confused now, it's really damn frustrating

I just wanna scream and shout

But I guess we'll figure it out

They say if it doesn't kill you it will make you stronger

Days without your touch are so much longer

We might not have the answers right now

But I guess we'll figure it out

BRIDGE

You're not mine to take

I won't make that mistake

But you're a part of me

There is no denying it

Whether I wanted change

I'll have to welcome it

And no you're not to blame

Even if one of us does quit

I won't be letting go

Not anytime that's soon

There's one thing on my mind

And that is the thought of you...

Chapter 2

Undiluted Guy

Fragile.

Worth while.

Make me smile.

I like that style.

Resilient.

Bad sentiment.

You're kind of distant.

I wish I hadn't.

But I have, that's the catch.

I should have known that you weren't my match.

I couldn't resist the temptation.

Now here I stand, emotionally beaten.

Misuse.

Abuse.

You choose.

Do I win or loose?

Passion.

It's the new fashion.

I like action.

But I've been bitten.

By an undiluted.

Undisturbed.

Undiluted.

Yeah that's what I heard.

Un described.

Evil mind.

Now you're my

Undiluted guy.

Along you came.

Its insane.

I'm to blame.

There's no escape.

Loathing.

Hating.

Aching.

Don't go near him.

Touch.

Feel.

Think.

What is real.

Love?

Lust?

Either one is a must.

Destroy.

Destruction.

That's the intricate art of seduction.

And baby?

You've got me.

You're certain to make me cry.

My undiluted guy.

Chapter 3

A pointless Liason - Lyrics

VERSE ONE

The rose is a sign of lust and not love

And you're just the same, I don't want you for loving

You're not the one I've been dreaming of

So why'd you have to be so god damn forgiving?

VERSE TWO

I don't care what I do, and I hurt you badly

I say what I think and don't take a second thought

But you take it anyway, all too gladly

And I don't even feel guilty when I cheat but don't get caught

CHORUS

I don't think I've got the heart to care about you

I'm not sure if I'm even in it to win it

I don't want another tied down relationship

But I don't wanna be amongst a painful warship

So you let it go

Pretend that you don't know

Even though it hurts us both

I'd rather have you here

Than have you disappear

Although the pains of this pointless liaison are perfectly clear

VERSE THREE

I'm selfish because I'd rather have half of you

I don't mind that you only fulfil a third of me

Because that half I get is something I've grown accustomed to

And a world without that seems far too hazy

VERSE FOUR

You're bittersweet minus the bitter

You're kiss satisfies but creates a bigger hunger

The suffocation then becomes thicker

And then the regrets draw closer and I begin to wonder

CHORUS

I don't think I've got the heart to care about you

I'm not sure if I'm even in it to win it

I don't want another tied down relationship

But I don't wanna be amongst a painful warship

So you let it go

Pretend that you don't know

Even though it hurts us both

I'd rather have you here

Than have you disappear

Although the pains of this pointless liaison are perfectly clear

Then it dawns on me that I don't..

Won't..

Give you the chance to satisfy me.

I'd rather have lots of lovers, I'd rather be free.

Thats the way its always been.

How it will always be.

And I'm so heartless that I'm not even...

Sorry.

Chapter 4

Simulated Plastic - Lyrics

VERSE ONE

Silicone faces.

Burnt out ashes.

Come on now were fake fake, baby.

We know you want fake, fake, honeys.

VERSE TWO

Lipstick kisses.

You guys are the judges.

Are we picture perfect baby?

Are we social misfits honey?

CHORUS

Just say the words, admit it.

You boys only want counterfeit.

Natural? That's out.

Plastic is the here and now.

You want.. Simulated.

Boobs look better inflated.

No makeup? Are you for real?

No more than five mouthfuls per meal.

Darling, we're hot hot

Motivated hot hot.

Felling kind of hot hot.

But it has to stop stop.

Plastic can't get hot hot.

We melt if were hot hot.

Burnt out ashes reheat.

Acceptance can't repeat - peat.

Simulated..

Simulated.

Simulated.

Plastic.

Simulated plastic.

Baby yeah you've got it.

VERSE THREE

Expensive clothing.

Underwear that's misleading.

You know that were fake fake, baby.

We are really fake, fake, ladies.

VERSE FOUR

We're designed fabricated.

Our bodies are complicated.

You only want fake fake, ladies.

Well your getting fake, fake, honeys.

CHORUS

Just say the words, admit it.

You boys only want counterfeit.

Natural? That's out.

Plastic is the here and now.

You want.. Simulated.

Boobs look better inflated.

No makeup? Are you for real?

No more than five mouthfuls per meal.

Darling, were hot hot

Motivated hot hot.

Felling kind of hot hot.

But it has to stop stop.

Plastic can't get hot hot.

We melt if we get hot hot.

Burnt out ashes reheat.

Acceptance can't repeat - peat.

Simulated..

Simulated.

Simulated.

Plastic.

Simulated plastic.

Baby yeah you've got it.

BRIDGE

Malleable.

Soft.

Elastic.

None of this stuff lasts.

Artificial.

Fake.

Have we got what it takes?

False.

Forced baby, mmm.

It's getting kinda crazy, yeah.

Bodies manipulated.

Girls never aging.

You think that's hot hot, baby.

But its also really, shady.

Come on, come get it.

You reckon that this is what you wanted.

Your dream girl, synthetic.

Talk about shallow, you're being real pathetic.

Simulated plastic.

Simulated plastic.

Plastic simulated.

That gets you motivated.

Chapter 5

The lie - Lyrics

His hands..

Strong, adamant to grasp onto mine.

Our hearts lay side by side, our fingers intertwine.

His lips, dance over my neck and accross my cheek,

The feeling of our lips joining together making me feel weak.

His breathe glides into my lungs, my oxygen, my air.

One touch has me going crazy, my wild, hungry fingers running through his hair.

I slide on top of him, breathless at the sight of his eyes.

I never know what to expect: mystery; Passion.. It's all a surprise.

His fingers trace the outline of my lips, making them numb.

He smiles that smile of his, the one that when I'm sure I'm not going to give in...

Always makes me break down, weaken my defences, makes me succumb!

His eyes, they pierce into mine like a thousand knives.

Lovingly however, and I thrive..

Thrive to be his.. Thrive to be the girl that he walks home,

Kisses softly on the lips, waiting for the smile.. Nod.. Gasp of approval

To take it further, to go in for a second time, this one more lust filled..

I used to be.. I was the girl that molded into his arms

The one that he would make sure remained unharmed.

The Power of..

Of..

His hands..

Strong, adamant hands..

That were determined to grasp onto mine.

But I let go, broke his heart, and clenched my fists together.

So our fingers couldn't intertwine.

His lips denied the pleasure of kissing my cheek.

No oppertunity was allowed to make my legs buckle with delight, to make me feel weak.

"No" I whispered.

"But I thought that.." he questioned.

"You thought wrong.. It was always him" I lied.

I looked behind the beautiful creature I loved..

Ached to be with!

I stared into the eyes of the dark stranger.

The one that made my heart beat faster with fear.

The stranger smiled. Grinned. A smug indent left on his evil, twisted face.

My heart saw his smile

My heart screamed denial..

The lie.. The beatiful lie..

Which made me cry.. Each and every night..

The lie I resisted;struggled to fight..

"The power" I mumbled to myself.. "Of blackmail!"

(Totally random I know!! Wtf!?! I don't even know why I wrote this.. Well I do. A friend of mine showed me a poem.. Well not really a poem, a paragraph of writing.. And so I said I would write a poem there and then.. About anything! I started it with no idea about the ending.. Hell, I only knew the ending when I reached it! Haha. A little crazy.. A little deep. But I like the idea of "blackmail" and how it can lead the

mind.. The heart to lie! So.... YES! VOTE! COMMENT! You know you want to ;)

Chapter 6

Fascinating - Lyrics

VERSE ONE

I sit here doing my nails

Applying my lipgloss and my mirror is out

I've kinda gone off the rails

It was inevitable with so much sex and drugs about

VERSE TWO

I've developed that attitude

Where I don't care if I'm late, all I want is you

I thought you'd find it cool

But you walk around not noticing that somethings new

CHORUS

Are you outta my league boy

Or do I draw you in?

Theres just something about you

Thats fascinating

Are you hard to get?

Or are you not to be had?

Do you aim to be the good guy

Or feel more at ease being bad?

VERSE THREE

I try to please you

Wearing things I don't usually wear

You don't bat an eyelid

You don't seem to I care

VERSE FOUR

If I had the guts

I'd turn around and scream what the hell is your problem?

But I'm way too shy

So I try to figure out what the hell has happened

CHORUS

Are you outta my league boy

Or do I draw you in?

There's just something about you

That's fascinating

Are you hard to get?

Or are not to be had?

Do you aim to be the good guy

Or feel more at ease being bad?

BRIDGE

You got this hold over me

You got me begging for more and falling at your knees

Its not hard for you, to let me be

You walk into my life, and then back out so easily

Why cant the gods be fair and release me from your hold

Rather than comfort me, you leave me feeling cold

I wish you'd let us be, let our lust unfold

Instead you have no mercy, I'm so outta control!

FINAL CHORUS

Your outta my league boy

But I try to draw you in?

There's just something about you

That's fascinating

I know your hard to get

But you are to be had

Your just a typical good guy

I guess thats just too bad..

So after all that, trying to get the guy, she gives him up when she realises he's just another... Wait for it.. GOOD GUY! Haha. Most girls look for the good guy, but I like the typical bad guy.. And in this case, so does she.. I don't sit there doing that stuff (apart from the lipgloss, I LOVE lipgloss.. Haha. For MY benefit, not for his.. Because there is no him at the moment.. Yes, I'm babbling!) But yes, basically she looses interest when she discovers he's not the bad guy she'd once hoped for ;)

Chapter 7

It's not love, it's lust

VERSE ONE

Its not about love

Its just about us

I cant deal with the fuss

This relationship brings

And the word that makes me cringe

VERSE TWO

Dont say its love, its just lust

Thats the emotion pulsing through us

I'm gonna put this thing that we have to the grave

And I wont promise to behave

CHORUS

I'm not gonna stay, I think I'll just leave

To save the hurting that will take over me

I cant ever say no because you have that way

Of manipulating the things that I say

Its turns from its over, its the end

To rerturning to being more than friends

Just as I'm away, just as ive escaped

You come back and convince me that I've been saved

VERSE THREE

A while later, I run away

But to you it just seems cliche

You find me and smile to yourself

Do you know you got me going through hell

VERSE FOUR

Baby I love you is what comes out

I say you better shut your mouth

Don't be like that, you know that were meant to be

I reply with a simple your hurting me

CHORUS

I'm not gonna stay, I think I'll just leave

To save the hurting that will take over me

I cant ever say no because you have that way

Of manipulating the things that I say

Its turns from its over, its the end

To returning to being more than friends

Just as I'm away, just as ive escaped

You come back and convince me that I've been saved

BRIDGE

I cant come back to you, dont you get it

You have me going through emotional fits

He steps forward, grabs my face, and plants a kiss

And that's it, ive fallen again, and I'm now his...

Chapter 8

Buzz - Lyrics

* If these lyrics were a song, it'd be upbeat, very computer edited and it'd be POP MUSIC! :D

VERSE ONE

Its not that I don't like you. babe that's not it at all.

It's just that I can't bear another t-telephone call.

We see each other frequently, its not like I'm away.

So why'd you feel the need to call like seven times a day?

CHORUS

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

That is all I hear.

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Ringing through my ears!

I won't take your calls.

I wont answer your texts.

Cas all this contact baby,

Is leaving me v-v-vexed!

VERSE TWO

You tell your friends its serious and that you are in love.

But loving you this way wasn't what I was thinking of.

A short time lover intended, just slightly prolonged.

And now I want to leave but you cant help b-but hold on.

CHORUS

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

That is all I hear.

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Buzz,

Ringing through my ears!

I won't take your calls.

I wont answer your texts.

Cas all this contact baby,

Is leaving me v-v-vexed!

Bridge/ Rap!

Boy your getting on my nerves.

Just watch, watch, watch, watch, watch.

Listen and observe.

You think that I am diggin this?

Diggin the attention.

Well I'll have you know that you are only t - t - trippin.

Making all this effort, also way too much.

Thinking that you'll loose my heart, if we l - loose touch.

The only way you'll get me back is to give me my space.

If you want to talk to me, come say it to my face.

Let me breathe, loosen up, stretch, then flex.

And stop filling up my phone with your t- t - te- texts.

Chapter 9

In the name of love - Lyrics

This is just another five minute thing.. I was sitting there waiting for my friends dad to pick her up, and I just sung the first two lines on the spot. So as usual, I grabbed my laptop, wrote them down and went from there. And about five minutes later.. Bam, a song is made :D

VERSE ONE

I could say your beautiful,

But deep down you wouldn't know.

The feelings that I really felt,

And how when things go wrong its got me going through hell.

VERSE TWO

I try to make it obvious,

That your the only one that I love.

But you remain oblivious,

And instead don't aknowledge us.

CHORUS

But I can't go from here,

And I won't leave from here,

Because I, I, I won't disappear,

I'm staying with you babe and going nowhere.

I could shout my love for you,

And I would give my life for you.

But I won't ever let you do,

The same,

In the name of love.

VERSE THREE

I would give you the world if you asked,

And I would forget the mistakes that have passed.

If thats all it took to make you stay,

But I know that you've got to get away.

VERSE FOUR

How will I cope when your gone?

There will be no one to tell me when I'm wrong.

That kiss from you wont touch my lips,

And it will be so much harder for me to forgive.

CHORUS

But I can't go from here,

And I won't leave from here,

Because I, I, I won't disappear,

I'm staying with you babe and going nowhere.

I could shout my love for you,

And I would give my life for you.

But I won't ever let you do,

The same,

In the name of love.

:)

Chapter 10

Aches and Breaks - Lyrics

* Another quick song ;) I suppose I like to work fast when it comes to songs! :D

VERSE ONE

How can love sometimes be fake?

Hearts were never meant to ache..

Promises are always made..

But the word is lost and the promises break

VERSE TWO

A kiss will soon become a bite

And the love inside will eventually turn to spite

A hug will become a little too tight

And a definite yes will become a might

CHORUS

Love hurts

But what hurts more

Is when your realize

That it is no more

It soons fades

And we retaliate

But then after that

Come the aches and breaks

VERSE THREE

Its better to have loved and lost

You could say that, but its gonna cost

The simple bond comes to be crisscrossed

And your warm beating heart stops and turns to frost

VERSE FOUR

Love hurts

But what hurts more

Is when your realize

That it is no more

It soons fades

And we retaliate

But then after that

Come the aches and breaks

BRIDGE

I don't remember learning love brings pain at school

I was only told that to be in love was cool

No one ever mentioned the number one rule

That love is great for a while, but its always cruel

Chapter 11

Signature - Lyrics

VERSE ONE

Hold me when I'm feeling low

Take me far away

Hide your doubts and fears below

And don't ever walk astray

VERSE TWO

Stand by me in my darkest hour

Make sure I see it through

Our love won't turn from sweet to sour

If in my heart there remains you

CHORUS

Don't walk

From me

Now I'm caught

I cant be set free

Your thoughts

Join with mine

Our bodies

Intertwine

Your lips

Taste divine

Our hearts

Align

And mines

Been signed

Your signature

Across the dotted line

I've been signed

VERSE THREE

I know there's been some bad memories

But we moved on, moved on

Because we remembered its meant to be you and me

We've been together for just too long

VERSE FOUR

That we cant forget what we've shared

The times when you held me close

There for each other when no one cared

You're the one I seem to miss the most

FINAL CHORUS

Please don't walk

From me

Now I'm caught

I don't want to be set free

Your thoughts

Have always joined with mine

Our bodies

Urge to Intertwine

Your lips

They taste so very divine

Our hearts

Were designed to be aligned

And mines

Been signed

Your signature

Across the dotted line

I've been signed

*I thought this song was quite sweet. The chorus is different to how I usually do them, and I really like the lyrics for it :)

Chapter 12

For the Love - Lyrics

VERSE ONE

I just realized

Who's staring at me through their hurtful eyes

I can't believe

That you'd stoop so low to do this to me

HOOK

Now I find myself

Going out my head

Wondering what you thought

Whilst you did all this

Now I'm at that point

Where I'm almost broken

My aching heart

Shall serve as a token

CHORUS

For our love

That we once shared

Even if most of the time

You never actually really cared

For the love that

I so cherished

I'm glad your gone

But you shall be missed

VERSE TWO

I'm laying here

It didn't take too long for you to come and then disappear

There's a crease in the bedsheets

The end result of your fake romance and when you held me

HOOK

Now I find myself

Going out my head

Wondering what you thought

Whilst you did all this

Now I'm at that point

Where I'm almost broken

My aching heart

Shall serve as a token

CHORUS

For our love

That we once shared

Even if most of the time

You never actually really cared

For the love that

I so cherished

I'm glad your gone

But you shall be missed

BRIDGE

And my friends say that you weren't worth my time

But they didn't understand that you were only mine

My family criticized everything you did

My mind tried to protect my heart from a love that was forbid

But you wormed your way in, then easily walked right out

Thinking about it now, yeah I'm better off without.

Chapter 13

Empty - Lyrics

VERSE ONE

The raindrops fall hard, roll down the window

The tears of my heart soon after follow

And it hurts to think I still don't have you close

But I've got time baby, I'll wait until you depose

VERSE TWO

I think about you whenever I can

I remember when this lust for you began

And now its just a distant memory

My future now is one where its just..

CHORUS

You and me

And were happy

And we've become what we want to be

Why can't you see?

It should be me

A world without you now could only be..

A place that's empty.

VERSE THREE

Your not mine just yet, but its not over

A future without you would be such a blur

You touch my hand, I hesitate

But your spells took charge, and I know that its too late..

VERSE FOUR

To walk away, to deny your charm

All that would bring is irreversible harm

So I'll stay a while, hope you realize

That the one you need, stands there before your eyes

CHORUS

You and me

And were happy

And we've become what we want to be

Why can't you see?

It should be me

A world without you now could only be..

A place that's empty

BRIDGE

I don't understand why its hard for you.

To feel the same way that I do.

When the desires there, its obvious.

You feel the same, don't be heartless.

Let her go, she's not the one you need.

Come on baby, recognize that's it me.

Take the hint, accept the truth

And if you don't want me, please, set me loose.

Chapter 14

In my [heart] - Lyrics

VERSE ONE

I'm sure that without you

There's nothing that I can't do

But as soon as you come along

Everything starts to go wrong

VERSE TWO

My words, begin to s-s-stutter

And my thoughts are travelling further

Apart, I can't be apart

From you.. Because your always there in my heart

CHORUS

In my,

In my,

In my heart

We live in worlds that don't quite fit

But thats okay because your worth it

Come on babe, come get this

VERSE THREE

Your eyes control me

Push the wrong button and I'm free

Touch my hand, lead the way

Leave me here and I will wait

VERSE FOUR

When you let me go

My lonliness shows

Hold me and don't think

Kiss my lips, leave them pink

With lust and love

Your in my heart..

CHORUS

In my,

In my,

In my heart

We live in worlds that don't quite fit

But thats okay because your worth it

Come on babe, come get this

Chapter 15

Go back to her! - Lyrics

VERSE ONE

I sit here in my ink stained jeans

Waiting for you to come clean

I know just where you've been

Whilst I'm here on my own writing

VERSE TWO

You tell me that you'll be home late

My trust you didn't appreciate

You took advantage and acted fake

And this love we had has turned to hate

CHORUS

Go back to her

The one that's at the top of your desires

Go back to her

Because I won't wait like this anymore

Your bags are packed now get out the door

VERSE THREE

You slide into the bed we share

Without a single care

I can smell the perfume in your hair

In your mind I know shes still there

VERSE FOUR

The lipstick stains still on your skin

Too many emotions I'm feeling

I want to cry, I'm hurting

But at the same time I'm raging

CHORUS

Go back to her

The one that's at the top of your desires

Go back to her

Because I won't wait like this anymore

Your bags are packed now get out the door

Chapter 16

I want you - Lyrics

VERSE ONE

I hate it when I'm on my own

Then you turn and say

Baby will you come with me this way

VERSE TWO

I start to think what if?

Then i get butterflies

Maybe this time I'll leave with tears in my eyes

HOOK

Oooooooh

You make me so nervous

Oooooh

Could you be about to end this?

CHORUS

I cant help but think about

The power you have over me

With the words that come out your mouth

I want you

For the rest of my life

To do the things you do

VERSE THREE

I hate the fact your kiss means so much

How you've got me begging for your touch

When you intend to let me have it anyway

VERSE FOUR

I start to wonder what life would be like

without you here to take over my mind

Could I really leave you behind?

HOOK

Ooooooooh

You make me so nervous

Oooooooh

Could you be about to end this?

CHORUS

I cant help but think about

The power you have over me

With the words that come out your mouth

I want you

For the rest of my life

To do the things you do

BRIDGE

And then the answer to my question becomes clear

More so than ever

Of course I couldn't live without you

I'm nothing when your not here

CHORUS

I cant help but think about

The power you have over me

With the words that come out your mouth

I want you

For the rest of my life

To do the things you do

Chapter 17

Daggers - Lyrics

VERSE ONE

I spend my days lost in a place

Where the skies only show your face

And were in a whirlwind romance chase

Its a heaven where I'm blessed with your good grace

VERSE TWO

I seek to find you amongst others

Like two heart broken star crossed lovers

Your secrets unveiled through tied up covers

Your rejection would kill me like three thousand daggers..

CHORUS

Daggers

Slicing through my veins

Leaving me in pain

Daggers

Daggers

Your own metal blade

Causing me a blood cascade

Daggers

Don't use them

I thought you were my lover

I thought you were my friend

Daggers

Daggers

The power they behold

My heart you could have sold

VERSE THREE

Your the compass that leads me so I don't get lost

The hands of time that won't turn to frost

The lines in a map that help but don't cost

The excitement we get in a bet

When a coin is tossed

CHORUS

Daggers

Slicing through my veins

Leaving me in pain

Daggers

Daggers

Your own metal blade

Causing me a blood cascade

Daggers

Don't use them

I thought you were my lover

I thought you were my friend

Daggers

Daggers

The power they behold

My heart you could have sold

Chapter 18

I've fought - Lyrics

VERSE ONE

A simple story

Misunderstood

I'd shout it to the world if I thought I could

VERSE TWO

I keep it hidden

Don't make a sound

Wait for the rumours to fade down (down)

VERSE THREE

I just hate it

The walk they talk

They smile and laugh at me as I turn to walk

VERSE FOUR

They know there's something

That they don't know

I'll keep it under wraps forever though

CHORUS

I've fought

Against the haters in the world

I've fought

Against the insults that have been hurled (at me)

I've fought

Against the decisions that have been made

I've fought

Against the ground that has been laid

VERSE FIVE

They think they know me

Like I'm all smiles

When really my emotions are in place, they all remain piled

VERSE SIX

I dont sort through them

Well whats the point?

I know that the order will mess up then miss join

VERSE SEVEN

I'm sick of tired of always being there

The one to go to talk to

The one who'll always care

VERSE EIGHT

I need someone

Some one of my own

A place where I can go when home doesn't feel like home

CHORUS

I've fought

Against the haters in the world

I've fought

Against the insults that have been hurled (at me)

I've fought

Against the decisions that have been made

I've fought

Against the ground that has been laid

Chapter 19

I'll show you - Lyrics

VERSE ONE

You could say

That I've changed

But thats the way

I've always been

VERSE TWO

A little quiet

Yeah for a while

But if you stick around

I might make you smile

CHORUS

Because come on, give me a chance

Come on, come watch me dance

I'll show you how its done

I'll rock the house down, down, down

So have you got the guts?

To stick around?

VERSE THREE

Time flies by

Without a care in the world

And sometimes were left

Out in the cold

VERSE FOUR

The same goes for love

sometimes we just too busy

But that doesn't mean you've lost me

I'll come back if you kiss me

CHORUS

Because come on, give me a chance

Come on, come watch me dance

I'll show you how its done

I'll rock the house down, down, down

So have you got the guts?

To stick around?

Chapter 20

Weak - Lyrics

VERSE ONE

No second chances

No second thoughts

I've been hurt badly

But I was taught

VERSE TWO

Love never lasts

Its just prolonged

To make it harder

To leave and move on

VERSE THREE

I started reminiscing

In all our memories

And then my okay world

Came crashing down around me

VERSE FOUR

I built it up again

It took some time

To finally realize

You were no longer mine

HOOK

I saw you

I saw you

I saw you

A few seconds ago

It feels like the worlds moved on without me

And my hearts become hollow

I'm standing here

Unable to speak

Just like the old times

You've worn me down and made me..

CHORUS

Weak

Feeling kinda feeble

Weak

As if I'm not able

Weak

Now I'm oh so fragile

Weak

No l-l-longer agile

VERSE FIVE

I took a step back

To get some space

My breathing slowed

Then started to race

VERSE SIX

You pause a minute

Then try to talk

I want to run away

But my legs wont walk

VERSE SEVEN

I start to babble

My words unclear

I look to you thinking

Why are you still fucking here!?

VERSE EIGHT

You broke my heart

My wounds have healed

Amongst the heartache

That I kept concealed

HOOK

I saw you

I saw you

I saw you

A few seconds ago

It feels like the worlds moved on without me

And my hearts become hollow

I'm standing here

Unable to speak

Just like the old times

You've worn me down and made me..

CHORUS

Weak

Feeling kinda feeble

Weak

As if I'm not able

Weak

Now I'm oh so fragile

Weak

No l-l-longer agile

BRIDGE

Then it happens

Out she comes

Shes pretty stunning

And I feel so dumb

Why would I think

You'd settle for me?

When you had someone like her

Impatiently waiting?

I was over you

Or so I thought

All my emotions

I'd led to war and fought

Undefeated

They had remained

I'll go back to how things were back then

And flinch when they say your name..

Chapter 21

Unspoken - Lyrics

VERSE ONE

That teacher

The focus

Of all my daily thoughts

I want you

To love me

Thats why I join the dots

VERSE TWO

A hello

A goodbye

It must mean something

I ignore

Don't notice

Your obvious ageing

CHORUS

A school crush

They say will never last

I'm in no rush

To leave this fantasy in the past

I need you to want me

Just for a second

I need you to clearly see

You wont regret what happens

Our shirts are unbottoned

Your worries forgotten

Our lovely connection

Is never weakened

Its stronger, its strengthened

Your how I function

Rejected, I'm broken

My first time crush left..

Unspoken

VERSE THREE

You notice

The looks

So take me into a room

Excited

I follow

I seem to just assume

VERSE FOUR

Its good

But its not

You lay down the truth

Its not right

Its just wrong

I'm still in my youth

CHORUS

A school crush

They say will never last

I'm in no rush

To leave this fantasy in the past

I need you to want me

Just for a second

I need you to clearly see

You wont regret what happens

Our shirts are unbottoned

Your worries forgotten

Our lovely connection

Is never weakened

Its stronger, its strengthened

Your how I function

Rejected, I'm broken

My first time crush left..

Unspoken

Chapter 22

Idiot - Lyrics/Poem

* This was written about a guy.. Recently. He pissed me off. Tried to have me AND my best friend? Ha, boys.. They really are idiots!

Why are boys so stupid?

Why are boys so dumb?

Thinking I wouldn't be hearing about

That more than meaningless fun

Playing it ice cool

Then letting it get hot

When the rest of your romancing

You have no intentions to stop

The things that you are claiming

That your oh so, so confused

Its really got me laughing

I'm kinda bemused

Your girlfriend hurt you badly

And now she is your ex

Something too darn simple

You make to be so complex

And thats your excuse

Your get out of jail for free

Well your lame ass excuses

Wont be fooling me!

I am too good for you anyway

One day you'll realize

You made a bad mistake

But a much bigger loss and compromise

Chapter 23

This love affair - Lyrics

VERSE ONE

I love the way you say it

And how it makes me feel

But how can I know that what you say is really real?

VERSE TWO

I know how those words affect me

Its kind of ludicrous

You've got me going crazy just so I can feel your lust

BRIDGE

There's this dilema

And I don't know how to react to it

Should I just forget about it

Or should I go carry it out?

I don't think I can live without..

CHORUS

This love affair

We've got going on

We've got rolling on

To a place where we don't know about

This love affair

It really isn't fair

But at the time its the least of our cares

Its just us there

Its just us there

Its just you there

The pain caused

I just don't seem to care

VERSE THREE

You promise that there's truth behind the things you say

But how can I be sure your playing on honesty?

The only thing that I can count on for sure

Is how every time I see you it makes me crave you more and more

VERSE FOUR

I told myself that I'd never let myself get to this state

I'm worried being so vulnerable shall make me turn to hate

And you won't like the person I act out to be

In hopeless bids to be more independant and to set myself free

BRIDGE

There's this dilema

And I don't know how to react to it

Should I just forget about it

Or should I go carry it out?

I don't think I can do without..

CHORUS

This love affair

We've got going on

We've got rolling on

To a place where we don't know about

This love affair

It really isn't fair

But at the time its the least of our cares

Its just us there

Its just us there

Its just you there

The pain caused..

I just don't seem to care

</3

Chapter 24

Derail - Lyrics

VERSE ONE

You hide behind you're stone cold facade

Knowing that you're problems won't fade

Wishful thinking won't get you anywhere

So you cope by saying that you don't care

VERSE TWO

We passed that milestone years ago

But I promised that I still wanted you

I'm afraid that it'll be a reverse

And I'll be the one leaving us first

HOOK

I've derailed this relationship

I accept that I've failed and that I can't handle it

I thought we had us nailed, but I was wrong

Being in this place with you, in a place I don't belong

CHORUS

Because this carriage (d-d-derail)

Exited our marriage (I'm g-gonna bail)

Because this carriage (d-d-derail)

Exited our marriage (I'm g-gonna bail)

I'm on the derail

I'm on the derail

Apologies for the ultimate betrayal

VERSE THREE

There won't be a reconciliation

But there won't be a happy celebration

I walk away with tear-stained skin

Knowing that we'd never have been

VERSE FOUR

If you'd have opened up we could made it through

Don't worry I'm not blaming the whole breakup thing on you

It's just that emphasizing all the wrongs instead of rights

Could make all of the difference and you may be quite alright

HOOK

I've derailed this relationship

I accept that I've failed and that I can't handle it

I thought we had us nailed, but I was wrong

Being in this place with you, in a place I don't belong

CHORUS

Because this marriage (d-d-derail)

Exited our carriage (I'm g-gonna bail)

Because this marriage (d-d-derail)

Exited our carriage (I'm g-gonna bail)

I'm on the derail

I'm on the derail

Apologies for the ultimate betrayal

BRIDGE

Its not like this was part of the game I wanted to play

I never wanted us to end in such a tragic way

Its hard to be around you when you don't give a s**t

So I've decided that I'll be the one ending it

You should have made the effort when I gave you the chance

We were stuck in purgatory but now I have advanced

I'm living in paradise and I made it out on my own

And now you're stuck in hell where you're all alone.

Chapter 25

No one wants the nice guy

The invention of lying (the film) inspired me to write this, although in his case the good guy DOES win! :D

VERSE ONE

The one that makes you smile

The one that doesn't care when you hog the duvet

The one that gives you his jacket even though he's cold

But he's the nice guy, so he remains unsold

VERSE TWO

He makes you giggle stupidly with his silly jokes

And that face you pull thats embarassing doesn't seem to matter

Because when you're with him it's different than usual

Its like its so much more casual

HOOK

He's too nice

He's too nice

For his own good

So you think twice

So you think twice

As he knew you would

Girl why'd you put yourself through all the pain

When you're gonna find a bad boy

And get hurt again?

CHORUS

No ones likes the good guy

No one wants the one that hurts when he sees you cry

No one sees the nice guy

You know the one that calls after a bad day

Just to make sure that you're okay

VERSE THREE

You're having lunch with the guy that's you're best friend whilst flirting with the waitor

You know he likes you, and it hurts him you but you hope he'll get over it

He's not quite what you're looking for

He makes you laugh, makes you smile, but you need something more

VERSE FOUR

He knows you better than anyone else

He's met you're family and they try to match you up

And you tell them connstantly he's nice but he's not the one

It's a frienship only, and anything more can't be undone

HOOK

He's too nice

He's too nice

For his own good

So you think twice

So you think twice

As he knew you would

Girl why'd you put yourself through all the pain

When you're gonna find a bad boy

And get hurt again?

CHORUS

No ones likes the good guy

No one wants the one that's there when you want to cry

No one sees the nice guy

You know the one that calls after a bad day

Just to make sure that you're okay

BRIDGE

You don't understand why the guys you're with are out to get you

You don't comprehend that soon enough you'll both be through

And remember the nice guy who didn't care when you looked a mess

Well he's still waiting, too scared to confess

His true feelings, cus' he knows that he'll get hurt

You want to remain best friends, and that just makes it worse

You give him words of wisdom, and you're best advice

But he'll never give up or let you go cus' he's far too nice

CHORUS

No ones likes the good guy

No one wants the one that's there when you want to cry

No one sees the nice guy

You know the one that calls after a bad day

Just to make sure that you're okay

Chapter 26

Who said love could ever feel this good

* This song is actually about my boyfriend! First one I've ever really written about him. Quick job but I had the urge. I think it's a nice happy song, makes me smile.. Then again it is about the guy I love so it would do :P

I will tell you this because I do care

And it bothers me when you ain't there

The way your fingers touch my skin

It's got me dreaming

About the times that we've shared

Honestly nothing else will ever compare

To the way that you satisfy

And that's why you're my guy

And I know that you love me

But I don't think that you see

How much I really..

Adore you

Cus' you're my world

And if you disappeared

You'd still have you're hold

Because you've got me and my heart

I'll make sure that you never depart

You've gone and got under my skin

And there's really just one thing

That youve gone and got me asking

Who said love could ever feel this good

I remember when you told me

That forever you would hold me

At the time I know you meant it

And still the words fit

Just like our hands so easily intertwine

I swear that's evidence that you're only mine

Our fingers fit in a way

That's so perfect so don't you ever walk away

And I know that you love me

But I don't think that you see

How much I really..

Adore you

Cus' you're my world

And if you disappeared

You'd still have you're hold

Because you've got me and my heart

I'll make sure that you never depart

You've gone and got under my skin

And there's really just one thing

That youve gone and got me asking

Who said love could ever feel this good

Chapter 27

Love Sick

I could never fathom,

Feeling like I do.

I thought that I was happy,

And then I met you.

You made my eyes open,

But also made them cry.

I'm love sick from your absence,

And I don't even know why.

I now realise that without you in my life,

The days are so much longer and the nights fly by.

I wish I could call you mine and long to be by your side,

You'll never know how much I really tried.

Chapter 28

Bland

I didn't think that something that seemed so beautiful,

Could turn out to be so bland.

Knots in my got, so speechless just at the sight of you,

Now I can't even bare to hold your hand.

Chapter 29

Smile again

Don't worry if they put you down,

You can always get back up again.

Don't listen, just don't turn around,

Block the sound, just keep walking.

Even when the times get hard,

Remember you will smile again.

It might not be immediately,

You don't need to know exactly when.

Chapter 30

Stranger

You don't know me, you don't know a lot at all,

You may lift me higher than I ever knew but won't be there to catch the fall.

You'd recognise my smile a thousand miles away,

But on the bad days would you know exactly what to say?

You say I'm something special, that nothing can compare,

Would you feel the same however if I was always there?

You can't wait to get here to see me but always have to go,

If it came down to an ultimatum, you'll always choose her though.

Chapter 31

Come to you

You must have known, you must have seen,

The way I felt when you'd come to me.

The simplest word, the slightest touch,

How my heart would warm and my cheeks would blush.

I would come to you,

But I'd want you to want me to.

It's true, you never really knew.

You never had the slightest clue.

I'd open the doors and there you'd stand,

I urged to stroke your face, to hold your hand.

I would watch from afar and hide when I was up close,

You were all that I wanted and still are what I want the most.

I will come to you,

But I want you to want me to.

It's true, you never really knew.

You've never had the slightest clue.

Chapter 32

What makes you perfect

What makes you perfect

is the scar on your head

that you got from a falling object at

work. I told you to wear your hat.

You didn't listen. I'm not surprised at that.

What makes you perfect

are the cuts on your hands. I

used to cringe a little when I saw them.

I would imagine the pain it must inflict yet

you were always so oblivious.

What makes you perfect

is the way your hair goes a little crazy

sometimes. A wild mess, full of frenzy.

I say it makes you look

like an emporer penguin.

What makes you perfect

is the little gap in your

tooth. If I stare through it long enough I can

almost see a better world.

Let me take closer peak at paradise?

What makes you perfect

is your mixed colour beard. Specks of

dark brown and black, mixed with the

summer tone of blonde. Yellow.

The sight of your mouth is enough to make me mellow.

What makes you perfect
is the way you roll your jeans up and
secure them with a large safety
pin. I've never heard of anything so bizarre, or
at least not in a man. But in you I can.
What makes you perfect
is the annoying voice you do sometimes,
playful and relentless. It starts off as a joke,
usually you mocking me. I tell you to shut up
and you don't. Typical guy, typical bloke.
What makes you perfect
is the fact you're not a typical guy
or bloke. You're anything but. You're magical
and different and funny and a fool.
A fool I'm in love with because you're so cool.
What makes you perfect
is the way you kiss me. I hate wet kisses and

it's not that you're kissing me wrong. It's that I just don't

like spit. I never have. But I don't mind yours, I suppose.

You dry your lips just to wet them again as you move in. You know I hate it.

What makes you perfect

is your touch. It brings me alive

and sustains me. It's how I survive.

All is takes is for your arm to brush past mine

and I'm gone. Every time.

What makes you perfect

is that you don't think you're perfect. You

hate your gap in your tooth.

You shave your hairy back, even if I do say I like it.

That and your hairy chest do itch me.

But it's you. I would rather feel the itch than nothing at all.

What makes you perfect

is your excitement. The sparkle in your eyes

shows you are real, you are alive.

They light up every part of the night sky

when you smile. Your eyes smile.

What makes you perfect

is the way in which you love me.

With every part of yourself.

You kiss like we've never kissed,

you cuddle me like you never

want to let me go.

You say goodbye like it's the last time,

sometimes I wonder if it

is. Then I get a call before I've arrived home and

I know it won't be the last time.

It can't be the last time. Time merely signifies

when I will see you next. Is it wrong to see time purely as something

that indicates when I will see you next.

If it's wrong, I don't mind. We were never right

as such. But

we are. We are we.

Not just a you and

a me.

Chapter 33

Time to move on

You didn’t even tell me

That it would be okay

I didn’t need your assurance, anyway.

You let go,

Didn’t even try to hold on.

I’m guessing that’s why you’re long gone.

I watched you walk away

Taking each step as you went

I thought we would always be friends

I remember that kiss

The last one I ever got,

Savoured and never forgot.

I trace my tongue

Over my lips in the bid

I'll taste you again, who am I trying to kid?

As I already said.

You're long gone.

Time to move on.

Time to move on.

Time to move on.

Chapter 34

Run?

Run?

I run my hands through his chest hair.

I like how it tangles around my fingers.

I want him

with every inch of my body.

I run

my fingers over his skin,

so smooth and delicate.

Yet his beard says otherwise.

I look into his deep blue oceans.

Oh.

Those eyes.

He runs

around in my mind.

Aimlessly wondering, exploring every nook and cranny.

I trail behind.

His lips crash against mine.

Mountains move,

I feel moved.

Passion I've never experienced before,

A hunger never satisfied.

I've laughed and laughed with him,

For him

I've also cried.

I lay with him

sometimes,

Warm in his arms. His dark chest hair tickling

my back.

It’s divine.

I lay alone

most of the time.

I long for his legs to intertwine

with mine.

But they don’t.

He shares a bed with another.

His hairs tickle

her

back…

Should I run?
